

Our utility carts are of a solid weld, STAINLESS STEEL, tube frame design. The 600 x 400 mm shelf size is made to accommodate normed utility bins. The solid shelf inlays are available in a variety of colours (at an additional charge) and can be easily removed for cleaning. These carts are complimented by non-marking polymer swivel castors (two with brake) with a chrome plated core. **Maximum weight capacity per shelf = 80 kg.** Total weight capacity per cart = 200 kg.

**Model # MW 862/C** with for example slate blue shelves  
Coloured shelves are available (at an additional charge)

**Model # MW 863**

### Noise-reduced!

These carts are ideal for **manoeuvring in tight spaces** and are suitable for a wide range of applications. Shelves are specially designed to resist staining and are **easy to clean**. Ship's edge lip around shelf perimeter contains spills. Carts are available in 2 shelf, 3 shelf, 3 shelf 2 sided enclosed, and 3 shelf 3 sided enclosed variations. In non-enclosed models, the middle shelf is adjustable in 25 mm increments.

Shelves on all carts have a weight capacity of 30 kg (90 kg per cart). Carts are equipped with 4 swivel castors (2 with brake).
